## Counseling Corner

with School Counselor  
Stacey Rawson  
srawson@freemansd.org

**RESPECTING DIFFERENCES:** Every person is unique, and that's a good thing! Teach your child to be kind to people who look, think, or act differently from them. Learning about different cultures, traditions, and abilities helps kids grow into accepting and respectful adults. When children respect differences, they help make the world a kinder place. Everyone deserves to be treated with fairness and respect.

☞ **Try This:** Read books or watch shows featuring diverse characters. Talk about how everyone has unique talents and experiences.

Questions about this or other ways to support your student socially or emotionally? Contact School Counselor Stacey Rawson.

## Opt-In to Text Messages

### You can take advantage of our Text Messaging Service

Our school utilizes the SchoolMessenger system to deliver text messages, straight to your mobile phone with important information about events, school closings, safety alerts and more.\*

You can participate in this free service\* just by sending a text message of "Y" or "Yes" to our school's short code number, **67587**.

If you feel like you have not received communication from FES, please call the office to confirm your phone numbers and e-mail are up to date. Please check your e-mail regularly. Make sure you have not inadvertently blocked our e-mail address. This prevents you from getting e-mails from us. # EXTREME SCIENCE

## EXTREME SCIENCE After-school science program Four WEEKS of FUN

### Exploring flight

Let's explore the four fundamental forces of flight. Afterwards, students will **make a unique ring plane** and test their skills and new found knowledge.

### Fun with Forces

Exploring the forces around us was never so much fun. Students will get to play with the equipment during free time as we explore tornados, gyroscopes, center of mass, centrifugal force and more.

### Structures

Get ready to build! This class is a fantastic introduction to some of the concepts, terms and ideas behind engineering and architecture. This class is loaded with hands-on activities and challenges.

### Science of Magic

You will never look at magic tricks the same way! Our hope is that every student will learn to look at their world a little differently after this class. We want to encourage and challenge children to question everything around them.

# Help Your Child Succeed in School: Build the Habit of Good Attendance Early

## DID YOU KNOW?

- Starting in preschool and kindergarten, too many absences can cause children to fall behind in school.
- Missing 10%, or about 2 days each month over the course of a school year, can make it harder to learn to read.
- Students can still fall behind if they miss just one or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences and tardiness can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Eventually good attendance will be a skill that will help them succeed in high school and college.

## WHAT YOU CAN DO

- Set a regular bedtime and morning routine.
- Lay out clothes and pack backpacks the night before.
- Keep your child healthy and make sure your child has the required shots.
- Introduce your children to their teachers and classmates before school starts.
- Develop backup plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Try to schedule non-urgent related medical appointments and extended trips when school isn't in session.
- If your child seems anxious about going to school, talk to teachers, school counselors and other parents for advice on how to make your child feel comfortable and excited about learning.
- If you are concerned that your child may have a contagious illness, call your school or health care provider for advice.
- If your child must stay home due to illness, ask the teacher for resources and ideas to continue learning at home.

## When Do Absences Become a Problem?

Note: These numbers assume a 180-day school year.

# FSD TECHNOLOGY NEWS

October, 2024

Dear Parent / Guardian,

As part of our commitment to your child's online safety, we want to let you know about an important update. Freeman School District has partnered with Qustodio, the world's leading provider of online safety solutions.

As devices play an increasing role in children's education it is crucial that we put safeguards in place. Your child already benefits from internet filtering technology which blocks inappropriate web content on their school-owned Chromebook. This is also mandated by US legislation.

Freeman School District is going one step further. We are granting every parent a free Qustodio Parental App account. Qustodio will give you important insights into your child's online activity on their school Chromebook. You can use it to review and manage activities on other devices in your home too.

#### **With Qustodio, you'll be able to:**

- Manage your child's screen time
- Supervise your child's online activity
- Access expert advice via **Freeman School District's Online Safety Hub**

Qustodio is a valuable partner that prioritizes privacy, safety and rights of students and parents worldwide.

#### **Activate Your Free Account**

On the following page, you will find simple instructions to register your account. Please be sure to use the same email address we have on file for you when registering to connect to your child's device.

We are excited to work with you and Qustodio to help our students develop healthy and safe online habits. Please visit **Freeman School District's Online Safety Hub** for more information about Qustodio, access to expert advice and additional resources.

**Freeman does not provide support for Qustodio; instead, Qustodio offers support for their own product. Please email inquiries to: [myschool@qustodio.com](mailto:myschool@qustodio.com)**

TEAMWORK MADE EASY

## App for Parents & Families

Technology makes a direct impact on children, their families, and their learning environment. For children to learn and grow as digital citizens in our increasingly connected world, we must first lay out the foundations of online safety, digital literacy, and wellbeing.

Through our school district's partnership with Linewize, our online safety and wellbeing provider, we are able to extend visibility and safeguarding controls on to parents and guardians.

**Visibility on student activity and device insights**

**Security coverage for in and out-of-school hours**

**Expert advice and guidance on digital threats and trends**

**Pause button to regulate digital activity**

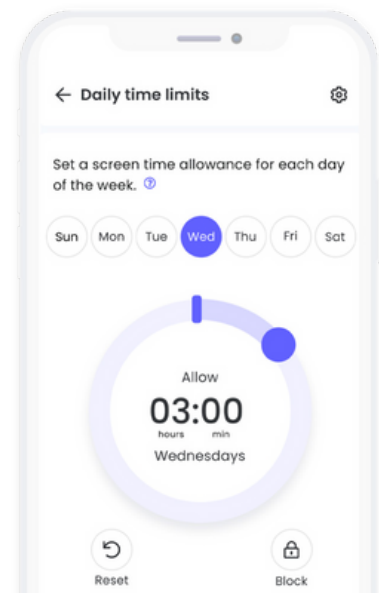

Parents and guardians can also extend protection to personal devices with family-focused digital wellbeing features that adapt to different needs as their child grows:

-  **Filter and block feature for content and apps**
-  **Location tracking and panic button feature**
-  **Visibility on browsing history, social media, and screen time**
-  **Calls & messages tracking to monitor suspicious activity**
-  **Time limits and screen-free schedules**
-  **Tailored reports and alerts for inappropriate content**

Works on the following devices:

**Multi-parent access and management available**

Qustodio is COPPA compliant and does not share personal data with third parties.
