Accepting the **Chase Youth Award** Wednesday, April 19, are Mrs. Yandt, Designed Instruction Teacher, and Freeman's student participants. They were honored for the Big Bidy Club under the Social Advocacy category.

The Big Buddy Club was the brainchild of student Cooper Florence and consists of students in Grades 7-8 who pair with students in Designed Instruction. They meet two times monthly and mentor/partner with Mrs. Yandt's students.

Mrs. Yandt describes it as a remarkable experience, observing the club members with her students, and said some of the middle school students are interested in continuing this relationship into their high school years.

Congratulations!

Meet our Nutrition Services Staff

LaDonna Kelly is our Lead Cook/ **Nutritionist I** (K-8). Her childhood nickname was L.D. Her bucket list includes travel and owning a motor home. She loves bowling and also loves her job!

Kris Anderson serves as a **Nutritionist II** (K-8). She didn't have a childhood nickname. She has dreams of retiring one day, and living by the ocean. Kris loves gardening and reading.

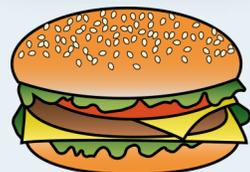

Kent Bevers is the school district's **Nutrition Services Director**. His childhood nickname was Kunta Kinte' [a character in a popular TV mini-series, *Roots*, when Mr. Bevers was in middle school]. Mr. Bevers hopes one day to travel to the East Coast (Washington, DC; New York, etc.)). He also wants to ride a Zipline. Some neat facts about Mr. Bevers is he writes Haiku (a Japanese form of poetry), and among his hobbies is pyrography—wood burning art!

Jolita Truett (left) is a **Nutritionist II** (K-8). Jolita did not have a childhood nickname. She hopes one day to start her own business, and also to travel to Hawaii. She has the unique experiences of having traveled to 13 countries and to have snowboarded in the Swiss Alps!

Kristine Kendrick is a **Nutritionist III** (K-8). Her childhood nickname was Kristy. Two things she hopes to do is travel to Australia and Hawaii. She is a race car fan and has six kids!

**Thank you

Freda, our resident mother goose is back (Canada Goose) in our elementary flower bed! She will deposit 2-8 eggs over a period of time. When she is all done, she'll stay in the nest 25-28 days and incubate them. Folks are asked to stay away from the nest during this important time ...until all eggs are laid, the goslings are incubated, eggs have hatched and they have fledged the nest.

New Playset for Students with Wheelchairs
 Freeman Elementary has a new piece of equipment! It was installed this week, tested and proved to be a great addition. It will be used solely by students in wheelchairs, allowing them to better participate in valuable recess time.
