Freeman High School Families,

I shared this letter on the Freeman Scotties Instagram page this week as a challenge to our students.

It is no doubt we are in unprecedented times, and to many of you, high school has been everything but a traditional experience. This summer, with the blessing of a little extra time on my hands, I was able to do a lot of reflecting - reflecting on where we have been the past two years, but probably most importantly, where we are headed. Here is what I realized: I have control of how I respond to difficult situations. I have control of how I approach this school year without students filling the halls. I have control of how I approach a stressful political climate, and how I approach incidents of hate. I have the power to create a ripple effect. **It Starts With Me.**

It also starts with **YOU!**

It starts with **YOU** showing up each day and getting the most out of your education.

It starts with how **YOU** create a culture of inclusivity and belonging for all at Freeman High School regardless of religion, race, gender or sexual orientation.

It starts with how **YOU** see the world and the impact you want to have on it.

The Freeman Community knows all too well how quickly things can change, and we want to use this year to help you make the most of every minute. You have the greatest ability to create a ripple effect. You have a very powerful voice in the world, and we challenge you to use it.

We welcome you to the 20-21 school year and invite you to join us in our It Starts With Me movement of positivity, inclusivity and personal growth!

Renee Bailey, FHS Principal

# Class of 2021

## Health update

We need to collect Student Health Update forms on every student for this school year - even though they are not yet here in person. If you could please print off the form from the link below, complete it and send it in with your student at their Meet & Greet, scan & email it or drop it by the office ASAP we would appreciate it.
